# Thames Valley Cancer Network NHS
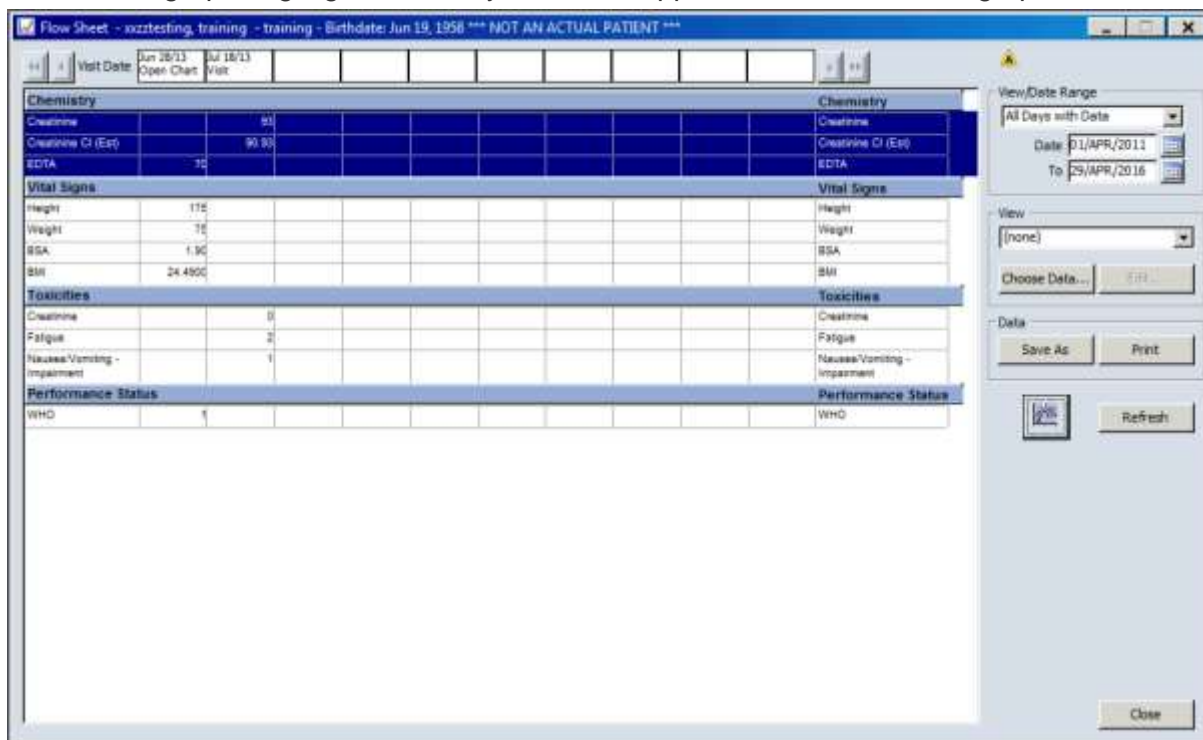

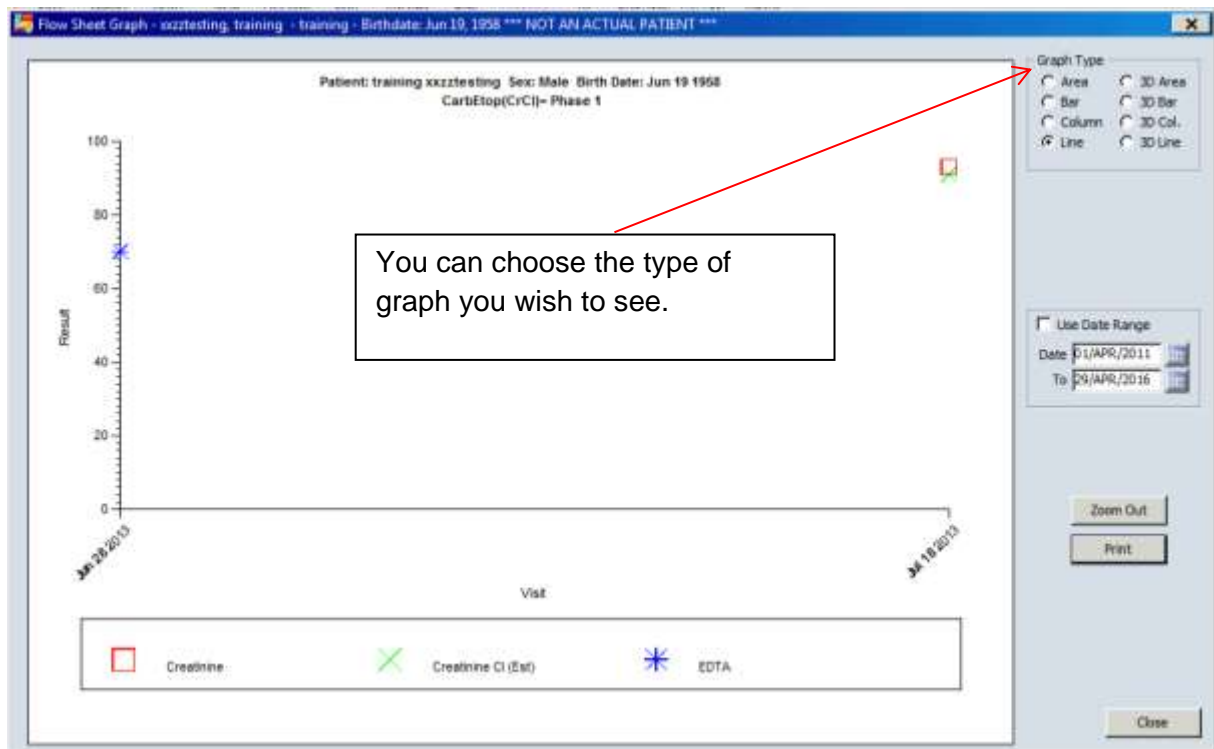

Aria e-prescribing A13 guide

Flow Sheet

The flow sheet is a useful way of seeing trends in data such as height, weight, test results, doses administered, toxicities and performance status.

Click flow sheet

Select date range

Choose the data you want to see.

Select rows to create graph

Always check http://tvscn.nhs.uk/networks/cancer/cancer-topics/chemotherapy/
or via Applications in Aria, to ensure most recent version is being used.

Thames Valley Cancer Network NHS

To create a graph, highlight the data you wish to appear and then click the graph icon

You can choose the type of graph you wish to see.

Based on an Aria training documents originally produced by:

Clinical Systems Training Team, Royal Berkshire Hospital, Reading

Written for TVCN by Dr Claire Blesing April 2009

Amended by Andrea Barkwith Dec 2016

For Doctors, nurses and pharmacists
